2. "Charter Members" are those members that belong to San Diego chapter and are the start-up members of the organization. They do not need to fulfill a "budding" period or submit an essay but must still fill out an application and take the quiz.
3. "Chapter Members" are those members that belong to their respective chapter, be it San Diego or other counties/ states. Chapter Members have had a personal invitation to join the VRLRS and have accepted it.
4. "Budding Roses" are new, potential members who have not yet been invited. A Budding Rose will be assigned a mentor. (see Mentor section). They will then be required to fulfill a 6-month "budding" period and ride in at least 3 parades. Budding Roses will **not** be expected to make a dress, as a simple costume will be provided by the San Diego Chapter. The costume provided is **on loan** until the end of the 6 months and is expected to be returned clean and in good condition, or else the Budding Rose will be financially responsible for up to \$250. New members are not permitted to ride in a couple of the largest parades as their **first** parade for safety reasons. The parades excluded as a first parade are Coronado's 4th of July parade and the Mother Goose Parade in El Cajon and any other local parades that individual chapters feel violate a safety concern.
5. There is a separate application if you wish to start a Chapter outside San Diego County. New chapter requirements are: a 2 person minimum and a video tape of each new member on her horse (preferably in a parade). There will be a \$10 application fee. The same "Budding Rose" period as described above will be required of each member of a new chapter as well. Each chapter will decide when and where to meet monthly.
5. After all membership requirements have been met, a new member **may or may not** be invited to be a part of the VRLRS. A secret membership committee (see SMC section) from the San Diego chapter will review the application with the "Budding Rose's" mentor (see mentor section) and the potential member will be notified through her mentor.
